Kermit Geary
1266 Riverview Drive
Walnutport, PA. 18088

Dear Kermit,

Thank you for your comments on our new translator at 99.3 MHZ. to serve Allentown, PA.

Our FM translator W257AI is located on WFMZ TV/FM 's broadcast tower south of Allentown, PA on East Rock Road. The translator receives WVIA FM on 89.9 MHZ. and converts this signal to 99.3 MHZ. The translator output is rated at 1 watt and is then fed to two 5 element Yagi skewed 65° apart at the 190 foot (1100' AMSL) on the Wfmz tower. The antenna composite HPBW of the two Yagis is 80° with the main lobe oriented to 355° true.

Please accept this letter as conformation of a correct partial log of WVIA FM for November 18 & 20 , 1985.

Yours Truly,

William L Myers
